★ ★ ★ **ELECT JEFF**
WILLIAMS

PULLMAN CITY COUNCIL
WARD 1

PAID FOR BY THE COMMITTEE TO ELECT JEFF WILLIAMS, PULLMAN CITY COUNCIL - WARD 1 POSITION 7

Exercise your rights, PLEASE VOTE!

RETURN YOUR ABSENTEE BALLOT NO LATER THAN

Tuesday Nov. 3

My name is **Jeff Williams...**
and I want to be *your* City Councilman!

- Pullman resident since 1987
- WSU Graduate
- 15 year small business owner
- Grassroots political organizer
- **Your fiscally responsible
COMMON SENSE candidate!**

I am compelled to enter public service because, like you, I am concerned with a number of issues at the local, state and federal levels. I am an advocate of streamlined and efficient government, and a firm advocate of something that seems to be lacking in politics... *common sense*.

Pullman needs a City Councilman who will vigorously defend our business community from attacks by individuals who have never even held a private-sector job. I have struggled through financing, planning, management, payroll and complex tax issues, I'm a firm believer that the more successful our small businesses are, the more prosperous our community will be.

For the citizens of Pullman, economic times are tough and unknown hardships seem to be waiting for us around every corner. I pledge to you that I will work diligently to see to it our local government lives within its means *and spends YOUR money efficiently*. I will seek out and destroy wasteful spending, and I will firmly resist any irresponsible call for new fees or additional taxation.

I'm proud to call Pullman my home, I am optimistic looking towards the challenges ahead, *and I ask for your vote this November!*
